ANAD, BEDA and NORMAL Documentary Film

For the first time in the history of eating disorder nonprofits, three national organizations are partnering to co-produce a documentary film about the dangerous effects of bullying due to weight bias and stigma.

Anorexia Nervosa & Associated Disorders (ANAD), Binge Eating Disorder Association (BEDA) and the NORMAL nonprofit are partnering to complete a feature-length documentary film about binge eating disorder, weight stigma and bullying. Produced by whiteelephant productions, the 20-minute version of the film will premiere at the 2013 BEDA conference in March. To get involved, please Contact Us!

Seeking Coaches for Female Athlete Triad Project

If you are a high school or middle school athletic director, coach or trainer, we are interested in working with you!

Emily Kroshus at Harvard University's School of Public Health is launching a study to interview school athletic directors and coaches about nutrition, wellness and body image surrounding female athletes. Contact us to get involved with this important work that will result in a nationwide female athlete training program.
